Jinx Troon Painting Contest

All artists may enter, and are required to “keep it fun.” Competitors supply their own entries, ready for painting. Artist choice: any bird, fish, fauna or flora, any size, any pose. Carved entries should be simple sculptures without textured surfaces. Judges will be instructed to award for artistry and painting skills, not absolute species markings. All entries become the property of the PFDA, to be auctioned at the evening banquet, with contestants (except for 1st place) receiving 50% of the sale price. Awards: Ribbons. 1st place \$500, 2nd place bonus check \$175, 3rd place bonus check \$75.

The Dick and Jinx Troon Award

Each year, a single entry is selected as the most outstanding piece in the competition. The selected carver receives an exceptional ribbon to mark the occasion. Dick and Jinx Troon were there at the first show, and with their many talents, made significant contributions each year to the PFDA. They came early, stayed late, and provided the “have fun” spirit that the PFDA is known for to this day. It is with the utmost respect that this award is named in their honor.

Hawks, Honkers, and Hoots – a teaching organization dedicated to exploring our local environment and the rich array of Central Valley birds, will once again be displaying at our event. Live birds and interactive displays... tailored for all ages. Check the white board for their location.

Saturday Mini Seminars

Titles suggested for this show include: carving antique style decoys, tool sharpening, optics, pattern drawing, photography, wood texturing and burning, and making wildlife bases. Check at the entry table for specific subject matter and times. Mini seminars are located downstairs, below the main show floor.

Master Carver Demonstration

Paiute-Shoshone Indian Joey Allen is one of today’s premier reed decoy makers. We are pleased to have Joey as our guest this year. Plan on coming to the show and watch how the world’s oldest known decoys were constructed over a thousand years ago.
